EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

2. The application has been amended as follows:

Claim 76, line 1, "68" has been rewritten as -- 70 -- to correct the dependency of this claim on now canceled claim 68 to new generic claim 70.

REASONS FOR ALLOWANCE

3. The following is an examiner's statement of reasons for allowance: The limitation of the compounds to those of original claim 70 where R₁ is an haloalkyl having two or more halo substituents overcomes the literature prior art (compounds containing CH₂Cl). Again, it is noted that no utility is disclosed for the prior art compounds and thus no motivation exists to modify their structures.

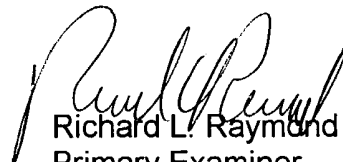

4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
